EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the TITLE:

"APPARATUS AND" has been deleted.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: it is deemed novel and unobvious over the prior art of record to perform a process for molding a corrugation free foam comprising extruding a polymeric foam and a blowing agent as claimed in claims 1, 15, and 34, from an extruder having an annular die with an annular die opening and a choke ring as instantly claimed, wherein the process uses the novel apparatus of USP 6,610,755 and the novel composition of USP 6,428,297; note that the unexpected results associated with the novel apparatus and composition are inherent within the instant claimed process.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
